EDUCATION

Computer Science & Engineering CGPA 7.44
samskruti college of engineering and technology
2017-2021

Ghatksar , Telangana

Intermediate Education CGPA 8.41
Sri sai vignan bharati jr college
2015-2017

Secunderabad ,Telangana

Secondary Education CGPA 8.3
Sri Saraswati High School
2015

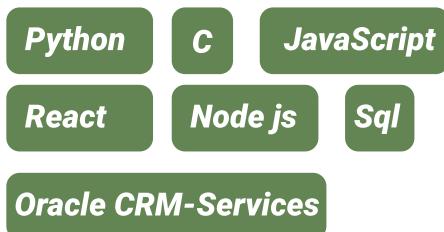

Secunderabad ,Telangana

PROJECTS

Role : Team Lead
My Major Project is "**A Corona Recognition Method based on Visibile Light Color & Machine Learning**" , where with my team ,we built a detection models to detect electric based on information on visual images.

Role : Team Lead
My Mini Project is "**Information Retrieval Ranking using Machine Learning Techinques**" , here we built an IR ranking system which gives an optimised ranking parameters to retrieve the web pages.

SKILLS

STRENGTHS

- I have a good leadership skills where I was a team leader for both my academic projects.
- I have a good team work skills where I and fellow friends worked as a team and conducted techincal club in my college

EXPERIENCE

- I am currently working as specialist enterprise at innovacx techlabs private limited where I can develop and implement cloud applications (designing and building mobile app ,web portal) related to services .
- I worked as a "Front-end web developer" intern where I created a static and Dynamic web pages at Pranava EET
